The attempted assassination of President Ronald Reagan and Pope John Paul II will long be remembered along with the shooting death of Anwar Sadat. Rubiks Cube proved to be a puzzler in 82. The launching of the Space Shuttle was a high point of the year while the shut down of the General Motors Fisher body plant was a low. Alligator (Izod) shirts also took a bite out of our pockets. The Silverdome hosted the Super Bowl and the concert of the year – The Rolling Stones.

Hat Day was the tops and Zoo Day went wild as Orange, Black, and Button Day were full of zing.

The ambitious sophomores dominated the week, however the seniors finished with a bang as they took over at the Homecoming Assembly.

Senioritis spread through M.C.H.S. like wildfire, from the beginning of the year to the end. The seniors have to set good examples for the underclassmen, planning and looking forward to the future, and that's a mighty hard job.

Throughout the year they look forward to Homecoming, Prom, and FLORIDA and before everyone knew it, that moment of truth has arrived, and the day every senior dreams of, Graduation.

Then the questions appear once again "Will I go to college? Should we get married? What should I do, Join the Army or just stay home and live off Mom and Dad?"

All in all the years at M.C.H.S. have been the best.

## ***Notes On Our Staff***

3.

Every school needs a good office staff to keep things running smoothly. Here at MCHS we have one of the best office staffs going. Taking care of the detention list and writing out absent slips is the job of Mrs. Faucher. Mrs. Westrick's duties include watching over the students funds and keeping the books in order. When most people think of Mr. Wiinikainen, they think of detentions, but Mr. Wiinikainen's interests go way past giving out detention. He also plays an important role in organizing athletic events. Along with the job of being principal comes a lot of responsibility. Among these responsibilities are making out schedules and keeping the school in good working order. Behind ever great principal there is a great secretary. Mr. Shorkey's personal secretary is Mrs. Joyner.

## ***Like Sew Business***

3.

Mrs. Webb's Accounting and Business Law classes are a must if you want to succeed in the world of high-finance without being ripped-off. Mrs. Pellinen took over the classes when Mrs. Webb was on a leave of absence.

"L-space, A-space, D-space," is a familiar phrase heard in the Typing I classes taught by Mr. Scheel. Most students take typing to fulfill their business requirement.

Mrs. Warner's office block offers budding secretaries a chance to work in an office atmosphere before they get their first job.

Business English taught by Miss Cawrse allows students to compose letters and you can put your shorthand to use if you've taken Mrs. Biebuyck's course.

Not everyone is cut out to be a secretary, though. Miss Radtke teaches a variety of home-making courses.

In Sewing class, students have a choice of making various garments such as skirts and dresses.

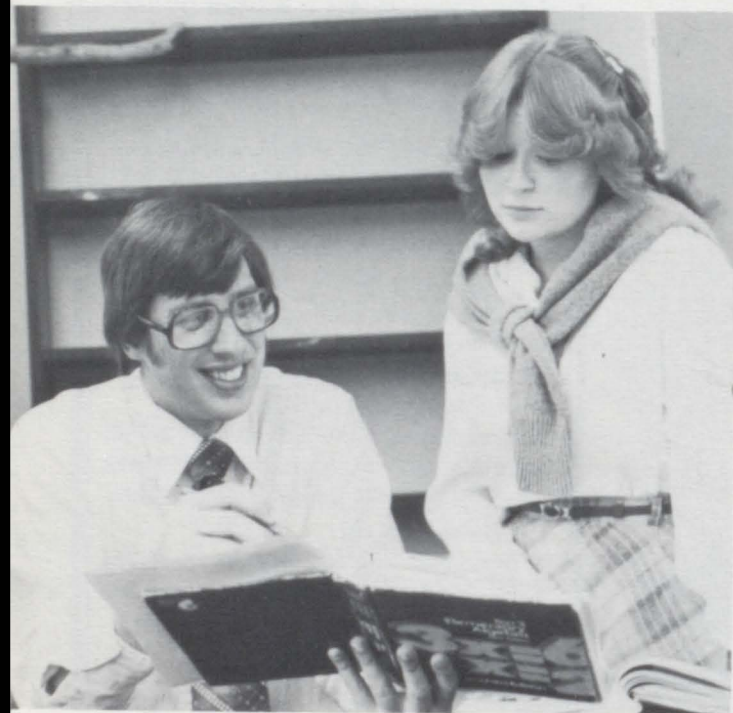

Physical Education breaks the repetition of sitting in a classroom. Volleyball, Scooter soccer and badminton are just three activities students participate in. During the second semester of school a class called Physical Conditioning can be taken. It is a class taken by most athletes so they can get in shape for the upcoming sports. Both boys and girls take this class. They do a lot of running and play commando ball, hockey and basketball. When not playing these rough games, they go into the weight room and lift. Exercises such as arm curls, bench presses and leg presses are used to build up upper and lower body strength.

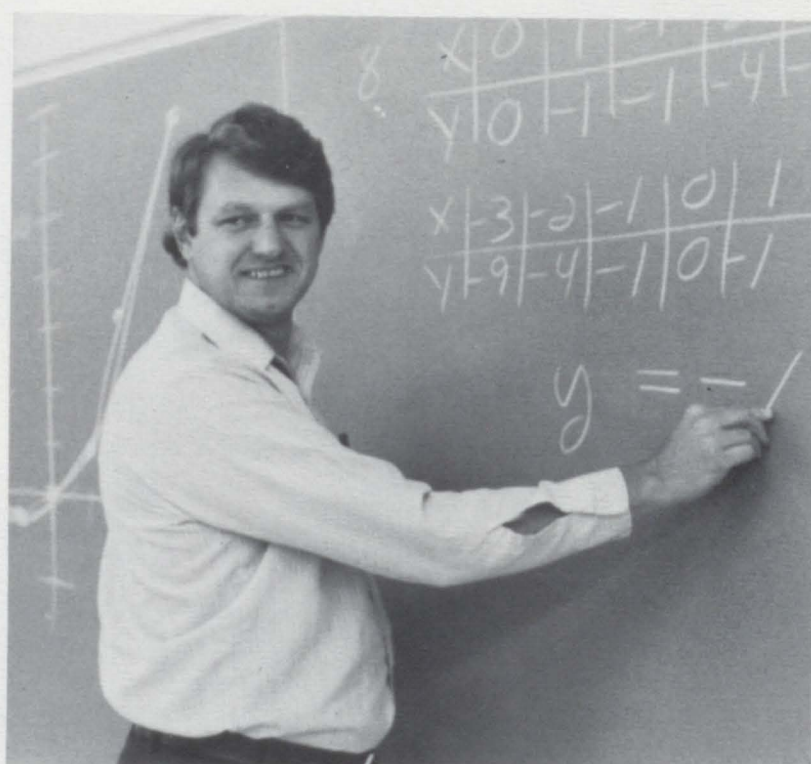

If Physical Fitness is not your game, there's college and one way to college is through Mrs. Burmann's algebra classes. For the more advanced students, the school offers Mr. Gunderson's calculus class. In this class the students learn percent's, setting up proofs, fractions, story problems and solving equations.

Mr. Chamberlain and his gang of "artesian" help seniors through the rigors of Government.

Some students panic at the thought of having a history class but Mr. Homberg and Mr. Otis help to ease these nervous students minds.

"Explain Boyle's Law." What? You never heard of Boyle's Law? Just ask anyone from Mrs. Harris' Chemistry class. Chemistry students learn everything from atoms to zinc compounds. If chemical formulas aren't for you, try Biology class. Mr. Newcombe and Mrs. Weins guide students through dissection, osmosis and zoology.

Cheerleading is not just fun and games. It takes lots of hard work from each of the girls. With help from their advisors, Mrs. Penelope Burmann and Mrs. Ann Hudson, this year's squad has been successful.

Early in the summer, practices were held in preparation for cheerleading camp, sponsored by Pep America Cheerleading Association at Oakland University. While there they learned new chants, cheers, pom-pom routines, and met many new friends. The squad received a spirit stick every day for being the rowdiest squad throughout the entire day. This led up to an overall first place spirit trophy which was awarded the last day of camp.

The spirit prevailed not only at camp but followed through football season.

Homecoming was made more exciting as the cheerleaders did their pom-pom routine to "Fame" and the skit with "Howdy yawl", and "Thou art the best", Homecoming was a turnover!

Basketball season bounced around with more excitement than anyone could imagine. Classy pom-pom routines were added between halftime intermissions.

Dedication, hardwork, and two coaches are what made up a great 1981-82 Varsity cheerleading squad.

This year has been a learning experience for the 1981-82 J.V. cheerleading squad.

The squad worked all summer long to prepare themselves for camp. This year camp was held at I.C.F. Cheerleading Foundation. While there, the girls learned new cheers, chants, and skits. The girls won most improved, and best mount ribbons. They were also awarded a spirit frisbee.

When camp is over, the squad always looks forward to the first football game, and to support and uphold spirit at all pep-assemblies.

Homecoming was a different and fun experience. Decorating the stage for Queen Brenda and her court was a tough job. Working together with Mrs. Penelope Burmann, cheerleading advisor, and getting the Homecoming assembly all in order was a lot of work, but well worth it.

Basketball season was the best, as the cheerleaders showed off their great mounts, and pom-pom routines. Camp really paid off for them.

## "Yuletide Spirit Echoes M.C.H.S. Halls."

Christmas — a time everyone at M.C.H.S. enjoys! This year, there were many festivities happening around the school.

The last day before vacation started the Christmas spirit floated in the air everywhere. There were different parties going on all day long. These parties included food, pinatas, and even more friendly gift giving. At the end of the day, the chorus went around to each room and entertained everyone with those old familiar carols. Everybody left school with smiles on their faces knowing Santa would be soon on his way.

But, that wasn't the end of the activities. The 1981 Snow Queen and her court really helped to make it a Merry Christmas. These girls appeared in the annual Christmas parade along with the Marching Mariners, cheerleaders, and the 1981 Champion Equestrian Team. After the parade the girls were announced at the City Hall.

Along with all the activities involved and the Christmas spirit everyone shared, Christmas turned out to be absolutely GREAT!

The Skill Center has many opportunities for students. If you want a job after high school, this is one way to go about it.

Every year more and more M.C.H.S. students enroll in classes at the Skill Center.

Building construction, plumbing, mechanics, welding and air conditioning & heating are just a few of the classes offered to the kids. In these classes, they have first-hand experience working with the public and the tools of their respective trades.

Shop classes provide the proper guidance and needed knowledge and training so that these people can be placed in decent jobs after completing the courses.

## Mariners Get The Log Rollin

Writing, typing, and printing are just some of the duties the Mariner Log Staff must do. Along with layouts, articles, interviewing and keeping up with the events in school, they surely have their hands full.

These five members: Michelle Royse (senior editor), Chris Merlo (junior editor), Larry Edwards (sophomore editor), Tom McConnell, and Jenny Emmons each do about two or three articles a piece for every edition of the Log. Although most of the work is done in their spare time, the staff meets about once or twice every other week for twenty minutes to discuss the upcoming issue.

With the help of their advisors Mrs. Webb and Mrs. Warner the Mariner Log has turned out to be a great success.

"Marine City Victory" was the same cry heard over the loud speaker all season long as the Varsity football team topped the best record ever in the history of Mariner football.

The team started their outstanding season with a 15-8 victory over Lutheran East. The winning continued as they beat St. Clair 14-0. The Richmond game went into double overtime ending when Doug Stockwell went in from four yards out. Marine City then traveled to South Lake where they produced a 34-6 rout.

Homecoming was the next game on the football roster where Marine City faced a winless Algonac team. After a scoreless first half, the players came out fighting sparked by Tom Parker who bolted to a 24 yard touchdown run. The next score in the game came when Jim Madaj sacked an Algonac running back in his own endzone for a two point safety. With 5 games under their belt, Marine City faced Cros-Lex, again, the offense proved to be too much as they defeated the pioneers 34-6.

With the S.C.A.L. Championship on the line, Marine City faced state ranked Marysville. A valiant effort was put in by the home team but the outcome of the game was in Marysvilles' favor. The game was full of penalties and fumbles. The 17-0 defeat marred the Mariners perfect record. The ninth and final game pitted Marine City against Grosse Point University Ligget. Bouncing back from a tough loss the Mariners destroyed the Knights 21-0.

The Orange Crush defense proved to be the key in this outstanding season. The defense had 5 shut outs to rank them No. 1 in the area. They only allowed 90 yards in total offense per game and 4.3 yards per game.

Girls Varsity Basketball started on a slow note this year but managed to turn in a couple of encouraging wins.

With B.J. Allen, Julie Felix, and Theresa Gonzar being the only returning players and a low turn out for the team, Coach Goulding had his work cut out for him. With little experience and little size the team didn't have much in their favor. To surpass these problems practices were long and hard.

After a slow start the team finally won their first game over Cros-Lex 40-32. The second victory for the Mariners was over Cros-Lex again 39-27. In an impressive league victory Marine City defeated 2nd place team Marysville 44-30. The Mariners won their first tournament game against rival St. Clair with an impressive 38-32 victory.

To achieve this many hours of practice and dedication accompanied by "spirit plus" was maintained during the season. Some events the team members took part in were showmanship, which is judged on how well you show your horse to the judge, and equitation on your riding ability. Visiting trainers encouraged the team with helpful advice in equitation, showmanship, jumping, etc. at pre-meet practices.

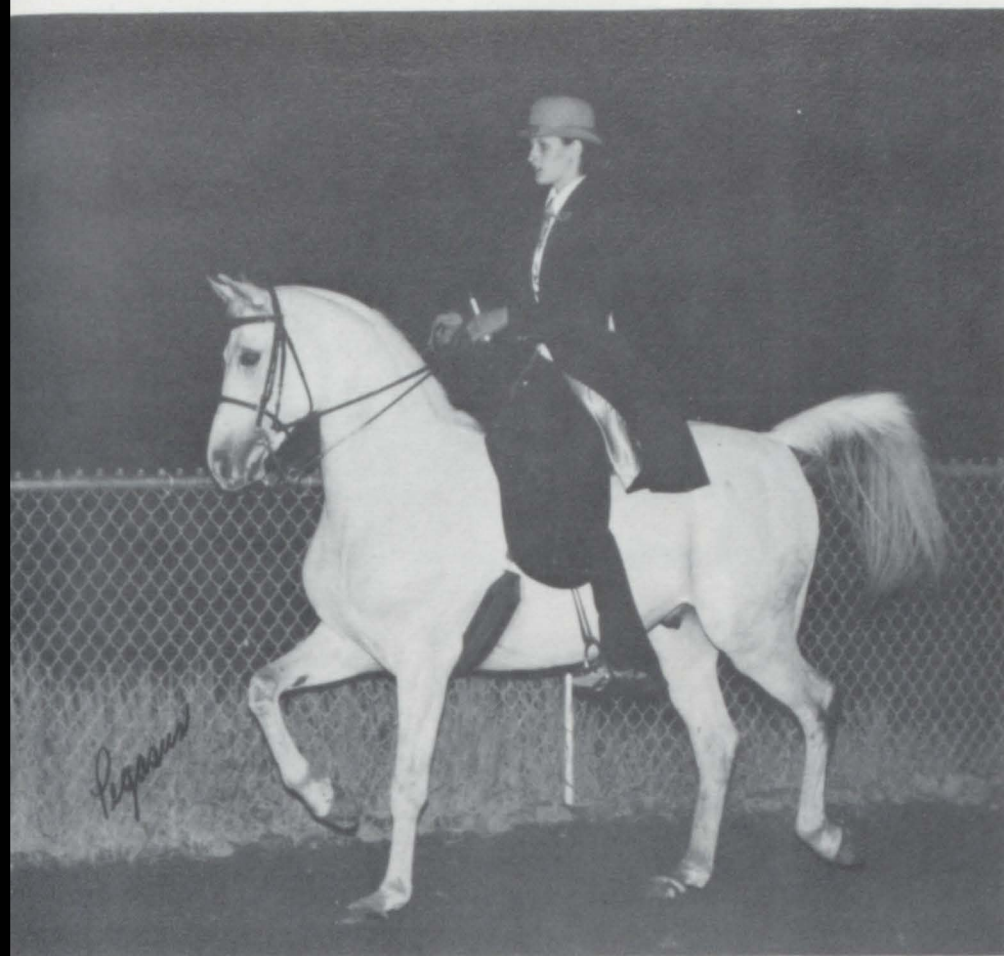

High Point scorers this year were seniors, Andrea DeVries, Kathy Muhsam, Mary Beth Senger.

Members of the equestrian team were recognized by the M.C.H.S. Booster Club at the Fall Sports Assembly. Each member received a medal commemorating their achievement at the State level.

The 1981 Cross Country team had very little time to work. At the start of the school year it was still unknown whether or not they would have enough people to make a team. Runners on the squad had to work extra hard as they ran over a grueling three or four mile course every day.

Even though they did not win a match Coach, Steve Dunker thought his team gained much needed experience.

The Junior Varsity football team posted a disappointing win-loss record but many players improved along the way.

The team was led by Kevin Bluitt who received the Most Valuable Player award and the team captain award. Kevin was also named to the All-S.C.A.L. team and the All-Area second team.

A successful season rewarded the girls J.B. Basketball team. The overall record of 11-5 showed Ken Bolivar the coach they could win. Kim Morse led the team in scoring and also in steals. Gwen King pulled down the rebounding award.

It looked like another one of those years as the 1981-82 Marine City basketball team lost their first four games. But after an exciting 43-40 overtime victory against Armada, the Mariners were ready to take on a tough league schedule. Marine City welcomed the Richmond Blue Devils to the S.C.A.L. by beating them twice 46-44 and 57-56 during the regular season. Algonac came to town on top of the league and number one in the area. This was not to be their night as the Mariners beat them 52-44. Marine City continued their home court dominance as they beat Cross district rival St. Clair 56-53. With a couple of close losses toward the end of the season, the Mariners had to settle for third place in the league.

Most Valuable player Doug Bradshaw led the Mariners in scoring averaging 9.9 points per game. 6 foot 8 inch junior center Jeff Koch averaged 9.8 points and was also voted Most Improved player.

# J.V. Players Take Beating

The Mariner City J.V. basketball team did not have one of their best seasons. They did have a few wins and ended with a 5-15 record. Things seemed to be looking good after their first victory against New Haven 41-35. From then it was straight down hill, however, they did manage a blowout by slaughtering Holy Cross 85-42. Again they started a winning streak by beating Algonac, Cros-Lex and Port Huron Northern but it was snapped when once beaten St. Clair defeated them (15-4, 15-10).

The leading spikers on the team this year were Cathy Chartier and B.J. Allen. They made 1st team All-League and 2nd team All-League respectively.

### *J.V. Ties For First*

The J.V. Volleyball team's success can be attributed to teamwork and coaching. The team had two exciting spikers, one was Gwen King and the other was Leanne Zweng. Two other essential parts of the team were setters Shiela Robb and Sandy Bartholomew. The most versatile player on the team was Renee Burton who played both setter and spiker. These player's pulled the team together to help make this a successful season. One such success was first place in the J.V. invitational tournament. To win this tournament the team had to out play rival St. Clair in a 3 match game 13-15, 15-12, 15-13. ## *Mariners Slip Into Last.*

As April rolled around it was time again for the baseball players to get out their gloves. Hard work and dedication paid off as the mighty Mariners started the season with a cross district rival win against St. Clair 7-1. The second game was a repeat performance as the Varsity players dominated the game. They ended up winning by a 12-4 blowout. The next game snapped their winning streak as they were beaten by Algonac 10-1. A lack of hitting and fielding cost them the game.

Marine City faced many more heartbreaking losses as they finished the season 6-9 overall.

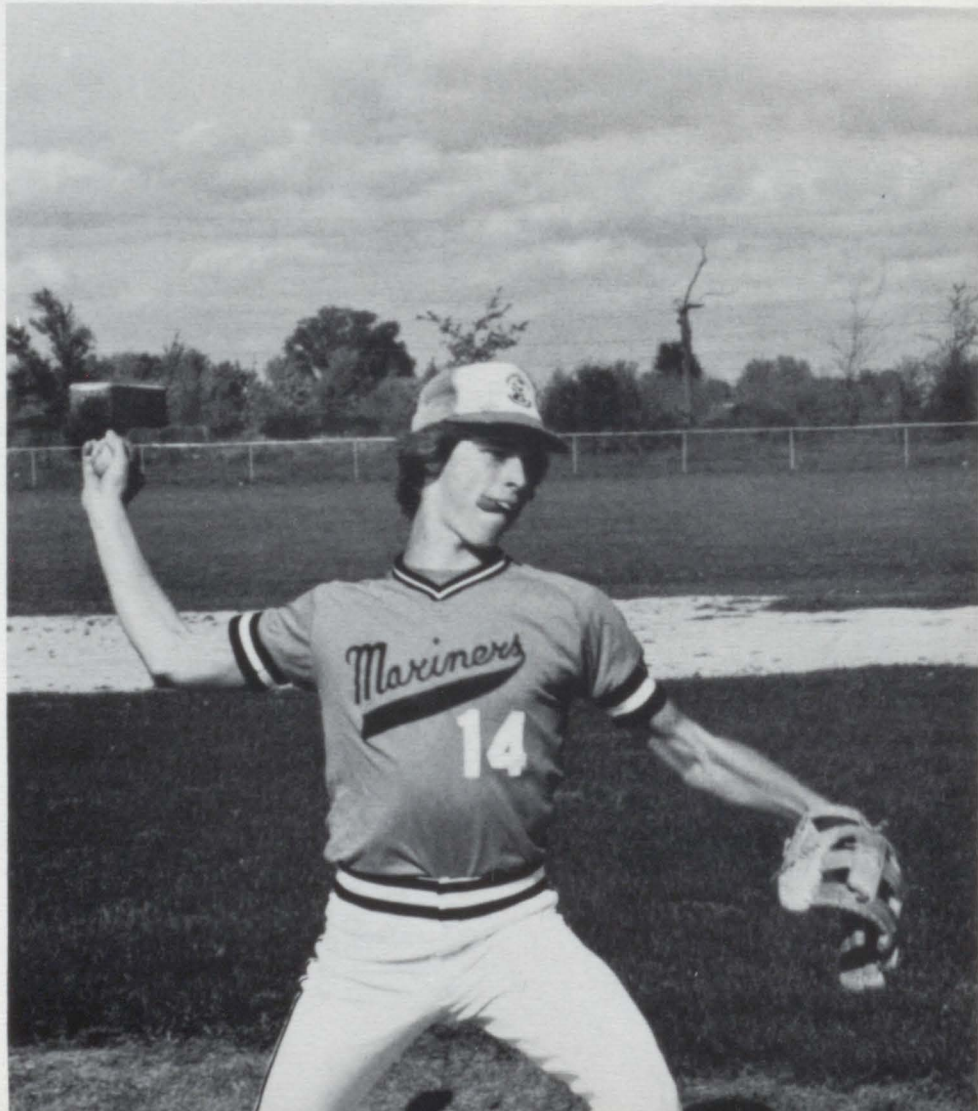

Scott Bachler proved to be the only strength in the batting area with a .299 average.

By scoring big runs and winning key games, the girls Varsity softball team proved they could play with the best. The season was full of ups and downs. The team started off to a good season by winning their first game but were slowed down by errors and some poor hitting contributed to this defeat.

Anne Springborn was one of the bright spots during the season. She was voted all S.C.A.L. 2nd team, and also led the Mariners with a .355 batting average.

The closest game of the season was opening day. The mighty Mariners defeated Cros-Lex 7-4. The overall record does not do justice to the enthusiasm the girls put out this year. Among the spirited girls were, Cathy Chartier and Mary Beth Zweng.

## *Weak Season*

# *Individual Efforts Strong*

---

The 1981 Track team had a poor season, but individual talent made up for it. Among the talented tracksters were Jim Madaj, who took 1st in the league, 4th in the Regionals and competed in the Times Herald Meet of Champions, where he took third, and Tracy Boulier who also had a good season in the high hurdles. Boulier placed 2nd in league and third in the Times Herald Meet where he ran his best time of the year with a 15.2.

The mile relay team also had a good season. They qualified for the Times Herald Meet of Champions and placed 3rd in the SCAL meet, with the time of 3.37 mins. Members of the team (mile relay) were Bill Musial, Mike Frank, Don Atkinson, and Alumnus Chuck Reichle.

Even though the team won only one meet, they managed to place in every event each meet. The largest victory came against Imlay City where Tracy Boulier, Mike Frank, Jeff Meldrum, and Bill Musial earned 3 first places.

The Mariner Girls Track Team has been gaining respect as one of the tougher opponents in the area. They ran off one of their best seasons breaking a series of records. Kim Morse scored in the long jump with a leap of 16 feet 5 inches. The high jump was erased by Sue Baker with a jump of 5 feet 2 inches. The discus record was broken by Julie Allen with a throw of 102 feet 10 inches. She also was undefeated in the league in the shot put and 1st in the regionals and 10th in the state. A few other record breakers were Karen Stockwell in the two mile with a time of 12 minutes 3 seconds, and Kristin Nielsen in the 220 low hurdles with a time of 34.7. The mile relay team which consisted of Kim Morse, Sue Baker, Debra Meldrum, and alumnus Jane Essinger beat the old record by 10 seconds with a time of 4 minutes 13 seconds. The last record broken was the 440 relay team who had a time of 55.8. Members of the team were: Kim Morse, Karen Meldrum, Debbie Meldrum, and alumnus Cindy Parker. All of the records set helped the Mariners close the season second in the S.C.A.L. with a record of 5-3.

As warm weather hit Marine City it was time once again for spring sports.

The tennis team had a bad year but they showed alot of spirit and enthusiasm. Even though they were 0-7 they stuck out the season and never gave up.

Boys varsity baseball started off on a winning note by defeating St. Clair and Cros-Lex in their first two games. However lack of hitting and poor fielding produced 9 losses in the next 12 outings. The pitching was led by Don Dewey who had 4 wins, 3 of which were two hitters. Lance Aures was the only other pitcher on the team. He contributed two wins.

The Girls varsity softball team had an overall record of 5-11. They could have had a better season with a few lucky breaks. Many of the games that were lost were lost by one run.

A slow season could describe the Boys track team who accumulated a 1-7 record. However they had some outstanding individual performers. Tracy Boulrier finished second in the Times Herald Meet of Champions. He was also selected to the second team all-league squad. Mike Frank led the long distance runners by finishing first four times in the mile run. He also placed fourth in the league meet. Jim Madaj led the field events finishing first in the shot-put during most meets.

The Girls track team was the only team to have a successful season. Kim Morse led the sprinters as she racked up the most points of anybody on the team. B.J. Allen was undefeated in the shot-put in all of the meets except the Times Herald Meet of Champions where she finished second. At the state finals she placed tenth.

## *The Individuals*

**Individuals** — Here at M.C.H.S. the Individuals work together to make the school a better place to be. The Sophomores put effort into making their first Homecoming a success while the Juniors must plan a prom they'll never forget. Individuals will always be a vital part of M.C.H.S.

During this year's spirit week we Sophomores showed a lot of spirit and class participation.

We tied for first with the Seniors on "Zoo Day" and tied for first with the Juniors on "Clash Day".

On "Best of the West Day" we rode off with a big win noseing our way into first place.

When "Hat Day" came around we saw all kinds of hats, from our baseball caps to our buddy beanie. And another first place arrived for us Sophomores.

As the week progressed we kept on showing our spirit and finally when Friday rolled around we didn't quit. We won "Orange & Black and Button Day". In addition we won the penny jug contest.

During the assembly we made it to the finals by beating the Junior Class in a tug of war, but the Seniors caused us to come up on the short end of the rope.

We came into the High School as Sophomores and noticed all the changes we had to go through. One of them was learning how to take laps. In the High School not only did we find many new forms of freedom but we also discovered we had many new responsibilities. One of the first was the election of class officers. We choose Gary Greib for President; Scott Zyrowski, Vice President; Cheryl Recor, Secretary; and Tom Hollands, Treasurer.

Because of the millage failure we were faced with the decision of how we should spend our money — Drivers Training or a class ring. Drivers training was no longer paid for by the school district and an extra \$110.00 wasn't that easy to come up with. This proved to be one of our biggest decisions.

Mr. Reyes can't seem to figure out what size finger Scott Press has.

"What kind of ring are you ordering? Can I see your class ring? These were familiar tunes throughout the halls in September. We sophomores wanted to choose the ring that was just right because after all, we'd have them for the rest of our lives.

What a selection!! We had the choice of gold, silver, ultrium and new this year, gold ultrium. What color stone was another problem, green, blue, purple, red??? When Mr. Reyes came to take our orders we all had our minds made up.

Finally our rings were in! Some of us had to wait a little longer because of wrong sizes or colors, but it was worth it. When we got them back they were so nice the extra wait didn't bother us.

Jill Jenkins is shocked when she finds out her ring size.

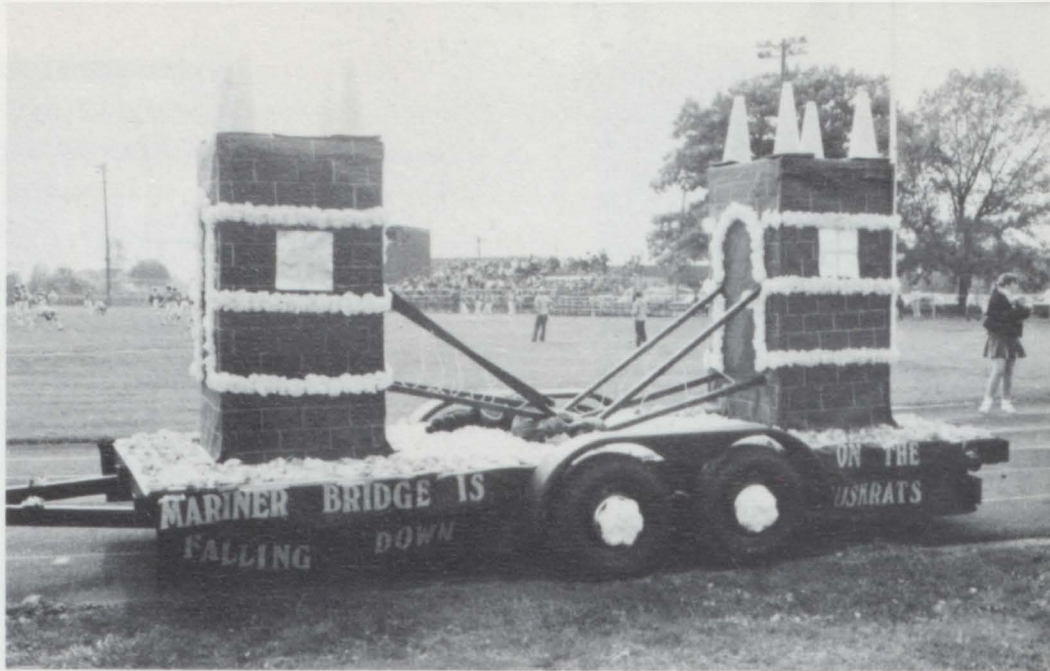

It was difficult adapting to the High School rules and the different teachers, but we got used to it as the year progressed.

We were afraid of the rumors going around that said if we were big shots and tough guys we would get strung up and get swirlys.

Everyone had butterflies the first day of school because we were all in the gym waiting for our schedules. When we got them we didn't have the faintest idea of where to go.

As sophomores, we learned that it's not as easy as we thought to escape Mr. Wiinikainen and his detention list.

After winning 2nd place the Sophomores float awaits its turn to be taken away.

Spirit week for us Juniors was a losing battle. Things went from bad to worse. There was a lot of individual participation, but not enough to raise our spirit thermometer.

We showed a little more spirit at the assembly by giving our princesses, Stephanie and Tina a standing ovation.

Humpty Dumpty even fell hard. We were too busy raiding the Sophomores to find time to work on our own float. Even though we lost in float competition, we had a good time at our parties.

To round off the Homecoming week, the dance was held on Saturday night. Featuring 'Almost Live' we made up for all of our losses by having a great time that night.

Junior Class Officers Cheryl Burtraw, treas.; Karen Gramer, sec.; Stephanie Carrier, vice-pres.; and Michelle DeMist, pres. discover that prom planning is a time consuming job.

Mr. Shorkey tries to look innocent while ripping off M&M's from Scott Westerhof and Tim Frantz.

One of the top priorities of the Junior class is raising enough money to pay for our year-long activities.

Our first decision was who to elect for our class officers. When the ballots were in we had chosen Michelle DeMist, pres.; Stephanie Carrier, vice-pres.; Karen Gramer, sec.; and Cheryl Burtraw, treas.

A lot of time and effort was spent raising money. The biggest money makers were the Rock-a-thon and candy sales. We Juniors were determined to make the Prom a memorable one and when Prom time rolled around all the hard work paid off. The "82" Prom was one we'll never forget.

None of this would have ever happened if it wasn't for the help of our advisor Mrs. Margaret Ralston. Thanks Toad!!!

Michelle DeMist and Brenda Blumer just "love" making flowers from kleenex.

For a lot of us Juniors having a car was a privilege that we really enjoyed. We didn't have to ride the bus to school and were able to eat lunch somewhere besides the School Cafeteria. We could go to the Dairy Queen for a hamburger and fries and on the way back stop at Sonny's or the Sunshine Store for a pack of gum or a candy bar. The ultimate treat was driving to the city limits and having a Happy Meal at McDonalds.

We came back to school and we realized that we were Juniors and only had two years left at Marine City High.

During the fall we were busy with the PSAT and the ACT tests. We sweated over the test for three hours and our fingers were really tired from filling in so many circles.

The 1982 Prom was held at the Marine City K of C Hall on King Road. It was a catered dinner dance with a live band. For most of us Juniors it was the first time we attended. The '82 Prom is something we will never forget. We partied all night long and into the wee hours of the morning.

## *The Graduates*

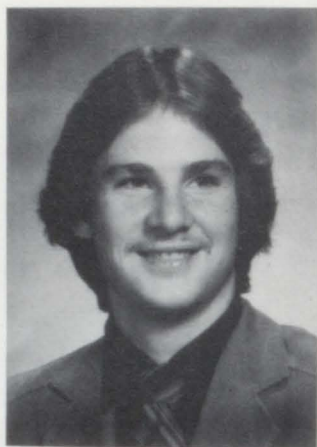

**SENIORS** → *The Senior Year is a year of decision making, the Grad's have to decide what they will do for their last year in M.C.H.S. These Seniors will soon have to decide what to do with the rest of their lives. Many will be furthering their educations at college while others will be out seeking a prosperous career in the working world.*

Every year the Senior Class elects four responsible people to be their class officers. This year we seniors voted Don Wesley as Class President, Sandy Kammer as Vice-President, Donna Russell as Secretary and John Currier as Class Treasurer.

Among the responsibilities that the class officers have are: holding class meetings and handling elections for the class motto, colors and song. The most important responsibility is organizing the Senior Trip. With the leadership of our class officers, we seniors made the best of our last year of high school.

## Graduation Preparation

Ordering Graduation announcements was one of the activities accomplished by John Ross, Betty Smith, and Lisa Meldrum during their senior year.

Being a Senior means being supreme. During our last year in High School everyone tries to make it the best. Being measured for caps and gowns, voting on our class song, flower and motto, proms, homecomings, senior trip and last but not least Graduation. These are only a few of the things to do and look forward to when you are a senior. All seniors look toward graduation with excitement and long awaited curiosity. As the days grow nearer and the anticipation increases, we seniors started to think; no more homework, no more proms and the end to our togetherness, but the beginning to our new lives.

## "Seniors Go Gonzo At Homecoming"

1. Could it be B.J. Allen painting the next Mona Lisa?

Go Gonzo set the theme for our 1981-82 winning Homecoming Float! Everyone helped and participated in building and decorating our float. Each person also added their own personal touches which made our Three Blind Mice come out of their hole and find success. We had a few minor disasters along the way such as raids by underclassmen, freezing in the late night hours and running out of decorating supplies. But with a lot of thanks to hot chocolate and loud music everything turned out just fine.

After all our hard work and determination we finally struck our goal — First Place!

This year at Marine City High School we were fortunate enough to have two exchange students. The two students are Mia Tarvainen and Juan Llopis.

Mia is from Imatra, Finland. She wanted to become an exchange student to study the way of other countries. She decided on the U.S. to improve her knowledge of the English language. Mia finds our lifestyle "fast", and as Americans, we're just what she expected. Mia is sponsored by Youth For Understanding.

Juan is from Valencia, Spain. Juan thinks that our high school is different than his Spain. "The schedule is the same, except an hour shorter. We attend the classes until 5 p.m. at least three days a week." Juan enjoys playing the saxophone, listening to jazz, reading novels and being with his friends. We hope Mia and Juan enjoyed their year as Mariners and can visit us again in the near future.

Juan Llopis and Mia Tarvainen show that they live a world apart.

We seniors had a lot to look forward to this school year. One of them was Homecoming. Homecoming was especially great because the football team was rolling with a 4-0 record before the game. The Mariners crushed down river rival Algonac to remain undefeated. After the game, the first place senior float went up in smoke at the victory party.

Homecoming consists of a lot more than just the football game. There were many activities leading up to the game that tended to get the seniors rowdy. Not only did the seniors win the overall spirit competition at the assembly, but they carried that same spirit through the rest of the school year.

## Seniors Are The Centerfold

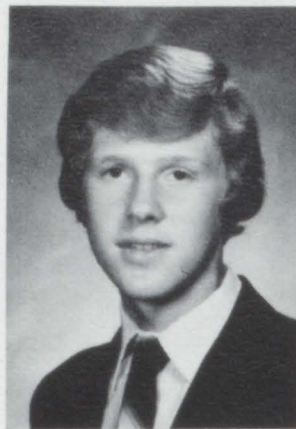

"And Julius Caesar thought he had it bad," complains John Currier to Kathy Markel.

With our last year behind us, you'd think that we seniors would know more than three words as Toga, Toga, Toga!

Toga is an unplanned part of spirit week. We seniors grabbed some safety pins and a bed sheet when mom wasn't looking and met in our respective locker rooms for an early morning rendezvous.

After several minutes of preparation, we finally made our debut parading up and down the halls of M.C.H.S. With the sophomores and juniors amazed at what was going on, they could only imagine what we had planned next.

By the end of a fun-filled day, the Toga's of '82 were ready to do it one more time!

The class of '82 will always be remembered as a class of achievement. Every individual set his own goals and did his best to achieve them.

At the beginning of the year, we needed something to get us going. The football team started it off with 8 consecutive victories, then came the wild weekends, seldom without a party. If there wasn't any parties, we made one on Springborn road, or at the Seaway. That held us until spring, when we hit the long road to Florida. Florida was just the break we needed to set the stage for our long awaited graduation.

When we began high school just three short years ago at MCHS, the only thought on our minds was graduation day. Now as we finished our Senior year, commencement became a reality, a different song was in tune.

We have just begun to relate to a definition of graduation. All these years of arguing and fighting with friends and teachers all seem like dust in the wind. Our last year in high school means more to us than anything we had ever perceived in years before. If we only knew how much our high school would of meant then. We would all turn the pages back three years to correct our mistakes and fill the empty spaces with love, laughter, and precious times. So to put an end to a bright beginning, we'll always have our endless memories from dances, homecomings, proms, the last great football and basketball games to lead us to a new life.

*Robin Danis dreams of a new and exciting life after graduating from Marine City High School.*

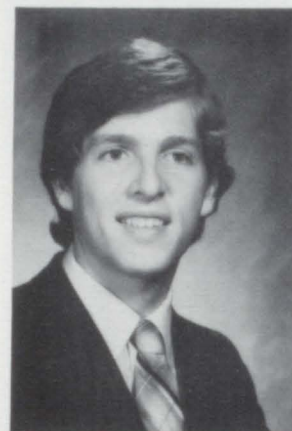

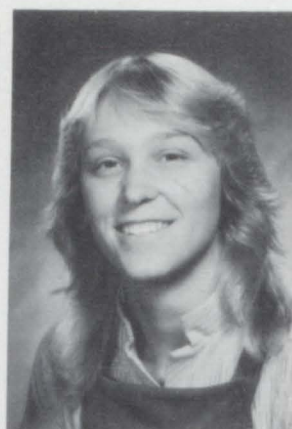

## Seniors Party Under The Sun

Florida, at last. We've been looking forward to this since our sophomore year. We found out that Florida is much easier said than done. There were meetings, payments, signing up for busses, finding roommates, shopping for proper Florida attire, crash diets and most importantly fake I.D.'s. Then came the long haul to the sunshine, away from the Michigan monsoon season.

We finally hit the beat to catch some rays. But we had partyin' on our minds. We didn't know which one we wanted to do first. So we did them both. This turned out to be a great solution because these were the best nine days of the year.

## Seniors Choose Individual Goals

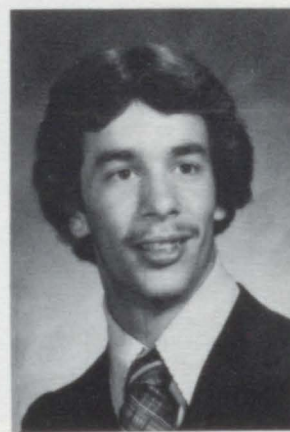

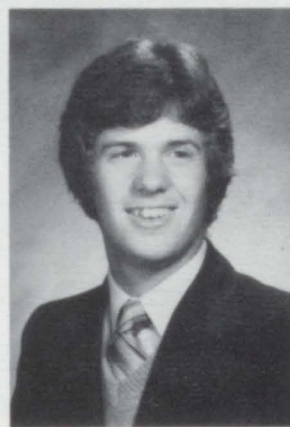

Jackie Prange awaits for help on her accounting homework.

During our Senior year the class of '82 had many questions without answers. One important question that was on all our minds, was what role in life each of us will play after graduation. Many of the answers to this question were harder to face with some Seniors than with others. Some of the Seniors took part in the Skill Center and their role in life was already being pursued. For the rest of us, we all had our own individual paths to take. For many of us, college was a must! Sending in applications and filling out scholarship forms occupied much of our spare time. It took many hours of work and concentration to decide which college to attend and what major career choice to pursue.

To many of us, school was just not the right choice. In the future we would be entering the working world. Some would search for new jobs and others would be continuing a job previously obtained. We all found out as graduation day soon came near, none of our choices seemed easy. We had to work harder than ever before to attain our goals, because these decisions will effect us for the rest of our lives.

Looking good as usual are Best Looking Lance Aures and Brenda Thomas.
